# VERSA-TUB™

PACKAGING FOR FOOD PACKERS

## CATCH THE CONSUMER'S EYE!

### STACKABLE

Versa-Tub™ is a packaging line dedicated to the needs of food packers. Containers are round in shape, crystal-clear, and made of food-grade polyethylene terephthalate (PET).

Specifically designed to stand out on the shelf, these packages enhance your product's visual appeal and communicate freshness; they are sure to catch the consumer's eye!

### FUNCTION AND SECURITY

Versa-Tub™ containers can be used to package bulk items and/or prepared foods.

#### Sealing is easy:

- With lid film, for increased security and maximum leakage control.
- Or instead; a safety seal can be applied for enhanced security.

Available in a variety of formats, with or without compartments.

### » APPLICATIONS

- Nuts
- Candies
- Dry foods – bulk
- Prepared foods – bulk
- Cheese
- Fresh-cut vegetables
- Salads
- Couscous
- Over-the-counter prepared meals

Made with a minimum of 60% recycled PET
